Architect

Education

Arizona State University 1970
Glendale Community College 1971
Phoenix Community College 1973

Registered Colorado Architect in 2000

Professional experience

Joining YOW in 2005, Jerry has brought over 25 years of experience in the architectural field to the projects he works on. His experience has been in numerous projects involving many different architectural building types; including park buildings, laboratory, educational, commercial, municipal, and industrial and working with additions and renovations, as well as with new facilities. Project construction documentation and construction administration are among his strengths.

During his years at YOW Jerry has been involved as an Architect for a variety of projects including a 30,000 s.f. office tenant finish located on Centennial Blvd in Colorado Springs, a 54,000 s.f. office building in northern Colorado Springs and a pizza restaurant in Fountain Colorado.

Professional Organizations

Jerry has been a member of Construction Specifications Institute, El Paso county chapter, since 2006
